

Compliance Cloud

SEAtS Software empowers our customers to meet and exceed all legal requirements for monitoring student attendance, in particular the requirements of UKVI with regard to international students.

How it works

SEAtS Visa and Immigration works by monitoring student engagement and attendance data collected in the SEAtS data repository. A suite of pre-packaged reports designed to meet UKVI reporting requirements are produced and distributed to the appropriate stakeholders.

What we can do for you:

SEAtS signals early warning alerts are triggered to identify potential issues early and the real time nature of the system means academics and the international office receive timely actionable information on the levels of engagement and attendance by the international student population on campus.

UKVI Compliance

Eliminate UKVI Compliance Risks

SEAtS visa & immigration compliance early warning systems on the cloud for universities and colleges, can help you take a big step towards taking UKVI and other stakeholder compliance off your risk register next year.

SEAtS software will allow you to meet and exceed all legal requirements with a suite of data collection, reports, alerts, e-forms and workflows specifically designed to help you deliver on stakeholder compliance and in particular UKVI.

SEAtS already delivers high quality information on many areas, such as student engagement, attendance, space and resource utilisation, placements and internships. Now due to demand in our sector SEAtS have built a stand-alone module for Tier 4 Visa Compliance.

Visa & Immigration Compliance Requirements

SEAtS delivers ready to use Visa and Immigration Compliance. Students are identified and moved through the stages based on the latest guidance from visa and immigration authorities of your country.

Notifications, letters and alerts, tailored by your team, are issued automatically to students and the appropriate international officer. Our software empowers our customers to meet and exceed all legal requirements for monitoring international student attendance.
